

REVENUE ROCKETSM

Revenue RocketSM Consulting Group, LLC Presents: IF YOU'RE NOT HAPPY, YOU DON'T PAY

We've made this promise to the more than 150 IT services consulting firms we've done business with: If you're not thrilled with what we've done to help you grow your business, we'll refund every penny. All we ask is that you send us a letter or email explaining why you weren't thrilled and you get your money back.

Our fundamental belief for success in this tumultuous and ever-changing business is that you have to view and embrace risk not as a threat but as an opportunity. We're reminded of this virtue by the French writer and Nobel Prize winner Andre Gide, who proclaimed, *"One does not discover new lands without consenting to lose sight of the shore for a very long time."*

That doesn't mean you have to take unnecessary risks or to shoulder the burden of the risks you take by yourself. It would be disingenuous of us to advise and counsel our clients as we remain safely and securely tethered to the shoreline. We embrace the wisdom of the 17th-century Catalan, Joaquin Setanti, who advised, *"Be wary of the man who urges an action in which he himself incurs no risk."* Our guarantee offer is our way of saying, *"We're in the boat with you, risk and all."*

By the way ... we're still waiting for our first letter.

As an IT services growth consultancy, we specialize in helping small-to-midsize IT service executives with a hearty appetite for driving revenue and profit. Our expertise consists of organic growth strategies such as geographic expansion, new service line development, managed services, sales optimization, as well as mergers and acquisitions.
